

STAND ALONE SERMONS

WHAT'S HAPPENING?

This week, each campus preached a different message on a different text. Therefore, we are simplifying our study guide to include just the application questions. We encourage you as a group to still study the text that was preached, reflect on the sermon, and discuss how to put it into practice.

APPLYING THE POINT

- | | |
|-----------------------------------|--|
| <i>Agassiz</i> | What do you find is the hardest part of witnessing to others of Christ's great love? What do you think the early church had going for them that accounted for their meteoric growth? What role does the Holy Spirit play in your life? |
| <i>Chilliwack</i> | Have you ever heard a sermon on the Ascension of Jesus before? Have you ever wondered why His ascension to heaven was the plan and whether or not it was a good plan? In Luke 24:52 we see that the disciples ultimately worshiped Jesus and were full of joy. How does the fact that Jesus is our ascended Lord cause you to worship and fill you with joy? |
| <i>Harrison & Lake Errock</i> | What does "abiding in Christ" look like in your everyday life? Jesus says, "Apart from Me you can do nothing." What are some areas where you've tried to live independently from Him, and what happened? |
| <i>Promontory</i> | How does the ascension change how you think of Jesus right now? How should we respond to Jesus who sits on the |

throne of Heaven? In what ways does Jesus enthroned
give us more confidence in our salvation? More assurance
in our evangelism? More focus in our sanctification? More
reason to worship?
